initial
application
functionality.

FUTURE GOALS

Anywhere Fitness App

- **Fully implement the spec feature set and improve app aesthetics.**
- **Build instructor rating and review functionality.**
- **Build class rating and review functionality**
- **Implement email notification on successful sign-up.**
- **Allow users to easily share classes and instructors they love on social media.**
- **Allow user to sign up for reminder notifications for their classes.**
- **Create user reward system for attending classes on a regular basis.**

Any (“where”) Questions?
